WE FOCUS ON YOUR DESIRES

NOUS NOUS FOCALISONS SUR VOS SOUHAITS

ENFOCAMOS SUS SUEÑOS

Expertise and professionalism are no longer optional.

We wanted to create authorised stores that would reflect the values of excellence that define the greatness of Made in Italy, in view of continued growth and specialisation.

Because evolving means improving, being able to give more and more, not only in terms of research and product performance, but also in terms of services and experience.

Compétence et professionnalisme ne sont plus en option. Nous avons souhaité créer des points de vente agréés qui reflètent ces valeurs d'excellence contribuant à la grandeur du Made in Italy, en vue d'une croissance et d'une spécialisation continues. Car évoluer signifie s'améliorer, réussir à donner toujours plus, non seulement en termes de recherche et performances de produit, mais également de services et d'expérience.

Competencia y profesionalidad ya no son simplemente opcionales. Hemos querido crear puntos de venta autorizados que reflejen los valores de excelencia que ensalzan el Made in Italy, con el objetivo de un crecimiento y una especialización continuos. Y esto es así porque evolucionar significa mejorar, ofrecer cada vez más, no solo por lo que se refiere a la investigación y al rendimiento del producto, sino también en cuanto a servicios y experiencia.

This is why Evolution Line is only found in the best stores, where expertise and professionalism are the true added value. In our selected stores you will only find highly skilled consultants, thanks to informative and refresher courses of our Academy. Because La Nordica-Extraflame firmly believes in the value of training.

Experience and fundamental knowledge to guide you toward the right choice, providing support when selecting the most suitable product for your needs, accompanying you at all stages of the buying process and guaranteeing efficient after-sales service.

C'est pourquoi Evolution Line se trouve uniquement dans les meilleurs magasins, où la compétence et le professionnalisme représentent la vraie valeur ajoutée. Dans nos points de vente sélectionnés, vous trouverez seulement des conseillers ultra spécialisés, grâce aux cours d'information et de mise à jour de notre Academy. Car La Nordica-Extraflame croit fermement en la valeur de la formation.

Une expérience acquise et une connaissance fondamentale pour vous guider vers le bon choix, en vous aidant dans la sélection du produit le plus adapté à vos exigences, en vous accompagnant dans toutes les phases du processus d'achat et en garantissant un service après-vente efficace.

Por este motivo, Evolution Line se encuentra exclusivamente en las mejores tiendas, donde la competencia y la profesionalidad son el verdadero valor añadido. En nuestros puntos de venta seleccionados encontrará solo a consultores muy especializados, gracias a los cursos de información y actualización de nuestra Academy. Y esto es así porque La Nordica-Extraflame cree firmemente en el valor de la formación.

Una combinación fundamental de experiencia y conocimiento para guiarle hacia la elección correcta, apoyándole en la selección del producto más idóneo a sus necesidades, acompañándole durante todas las fases del proceso de compra y garantizando un servicio posventa eficiente.

CHARACTERISTICS

- Enameled cast iron stove with external natural stone obtained from the solid block
- Thickness curved enameled cast iron door
- Cast iron hearth and Nordiker
- Frontal removable ash drawer
- Primary and secondary air adjustable with a single register, pre-calibrated tertiary air with post combustion system
- Possibility to take the combustion air from outside
- Large vertical flame hearth for an optimal view of the fire
- Ergonomic handle for easy opening
- Poêle en fonte émaillée et revêtement extérieur en pierre naturelle en un seul bloc
- Porte de foyer arrondie en fonte émaillée très épaisse
- Foyer en fonte et Nordiker
- Tiroir à cendres extractible de face
- Air primaire et secondaire réglable en un seul réglage, air tertiaire précalibré avec système de post-combustion
- Possibilité de prélever l'air directement de l'extérieur
- Grand foyer à flamme verticale pour une vision optimale du feu
- Ouverture facile avec poignée ergonomique
- Estufa en fundición esmaltada y revestimiento exterior en piedra natural obtenida de bloque macizo
- Puerta del hogar curva en fundición esmaltada de alto espesor
- Hogar en fundición y Nordiker
- Cajón de ceniza extraíble frontalmente
- Aire primario y secundario ajustable con un único registro, aire terciario precalibrado con sistema de post-combustión
- Posibilidad de captar el aire comburente del exterior
- Amplio hogar de llama vertical para una visión óptima del fuego
- Asa ergonómica para apertura sencilla

- ROBAX® NightView

(****) Check out www.lanordica-extraflame.com for methods and related notes

CHARACTERISTICS

- Combined steel / majolica / glass coating or combined steel / stone / glass coating
 - Hearth, door and brazier in cast iron
 - Removable ash drawer
 - Safety pressure switch
 - Weekly chrono-thermostat
 - Safety pressure switch on ash drawer
 - Hermetic stove - sealed combustion chamber and hermetic tank
 - Upper/upper-rear smoke outlet
 - T tube integrated in the product, inspectable from the rear
 - Ceramic ignition, much longer life than traditional ignition
 - Centrifugal motor for room ventilation with Comfort mode
 - Radio control multifunctional «remote control»
- Revêtement combiné acier/céramique/verre ou bien revêtement combiné acier/pierre/verre
 - Foyer, porte et brasier en fonte
 - Tiroir à cendres amovible
 - Pressostat de sécurité
 - Thermostat d'ambiance hebdomadaire
 - Pressostat de sécurité monté sur le tiroir à cendres
 - Poêle étanche - chambre de combustion étanche et réservoir hermétique
 - Évacuation de la fumée supérieure/supérieure-postérieure
 - Tube en «T» intégré dans le produit, inspectable à l'arrière
 - Bougie en céramique, durée nettement supérieure aux bougies traditionnelles
 - Moteur centrifuge pour ventilation ambiante avec fonction Comfort
 - Radiocommande de poche multifonctions
- Revestimiento combinado acero/mayólica/cristal o bien revestimiento combinado acero/piedra/cristal
 - Hogar, puerta y brasero de fundición
 - Cajón de ceniza extraíble
 - Presostato de seguridad
 - Cronotermostato semanal
 - Presostato de seguridad en el cajón de ceniza
 - Estufa hermética - cámara de combustión estanca y depósito hermético
 - Salida de humos superior/superior-posterior
 - Tubo «T» integrado en el producto, inspeccionable por el lado posterior
 - Bujía de cerámica, duración considerablemente superior en comparación con bujías tradicionales
 - Motor centrífugo para ventilación ambiente con función Comfort
 - Mando a distancia «ordenador de mano» multifuncional

TECHNOLOGY

TECHNOLOGY

LA NORDICA-EXTRAFLAME PRODUCT RANGES HAVE MANY NUMEROUS FEATURES AND BENEFITS. THEREFORE WE HAVE CREATED SOME PRODUCT ICONS, WHICH ARE A STRAIGHTFORWARD GUIDE TO IDENTIFY THE TECHNOLOGY ASSOCIATED WITH EACH INDIVIDUAL STOVE.

LA NORDICA-EXTRAFLAME, AFIN DE FACILITER LA COMPRÉHENSION DES VARI PLUS, A DÉVELOPPÉ UNE SÉRIE D'ICÔNES SIMPLES REPRÉSENTANT LES ÉQUIPEMENTS TECHNOLOGIQUES DE SES APPAREILS, ET QUI PERMETTENT DE VOIR IMMÉDIATEMENT LA TECHNOLOGIE LIÉE AU PRODUIT.

LA NORDICA-EXTRAFLAME PARA FACILITAR LA COMPRESIÓN DE LOS DISTINTOS PLUS, HA SINTETIZADO LAS DOTACIONES TECNOLÓGICAS DE SUS PRODUCTOS EN UNA SERIE DE SENCILLOS ICONOS ÚTILES PARA LA INMEDIATA INDIVIDUALIZACIÓN DE LA TECNOLOGÍA LIGADA A CADA UNO DE LOS PRODUCTOS.

BBC Bring the Breath into the Combustion

Air intakes system that takes combustion fresh air from the outside leading it directly into the appliance.

Système de prises d'air qui prélève à l'extérieur l'air frais pour la combustion et l'introduit directement dans l'appareil.

Sistema de toma de aire que retira desde el externo aire fresco para la combustión guiándola directamente en el aparato.

PCS Post Combustion System

The combustion system developed by La Nordica allows, due to a secondary/tertiary air system, a post combustion which significantly reduces emissions.

Le système de combustion développé par La Nordica-Extraflame permet, grâce à un système d'air secondaire/tertiaire, une post-combustion en mesure de réduire drastiquement les émissions.

El sistema de combustión desarrollado por La Nordica-Extraflame permite, gracias a un sistema de aire secundario/terciario, una post combustión capaz de bajar drásticamente las emisiones.

Nordiker®

La Nordica-Extraflame uses a special material called Nordiker for the production of hearth walls refractories.

La Nordica-Extraflame utilise un matériau spécial dit Nordiker pour réaliser les réfractaires des parois du foyer.

La Nordica-Extraflame, para la realización de los refractarios sobre las paredes del hogar, usa un particular material llamado Nordiker.

RDT Resistant Door at the Time

La Nordica-Extraflame appliances doors are manufactured in high quality cast iron.

Les portes des produits La Nordica-Extraflame sont réalisées en fonte de haute qualité.

Las puertas de los productos La Nordica-Extraflame son realizadas en fundición de alta calidad.

PRS Power Radiant System

Exchanger System at high efficiency of warmth releasing to the room.

Système échangeur à haute efficacité qui assure une transmission de chaleur à l'air ambiant.

Sistema intercambiador de altísima eficiencia para la transferencia del calor en el ambiente.

CGC Clean Glass Control

A system of preheated air which removes any deposits from forming on the hearth door glass.

C'est un système qui grâce à un parcours spécifique d'air préchauffé évite efficacement l'encrassement de la vitre du foyer.

Es un sistema que a través de un específico recorrido de aire pre-calentado evita eficazmente la formación de depósitos sobre el cristal de la puerta del hogar.

ACF Acoustic Comfort Fan

Adjust the front fan speed by taking advantage of the stove's silence. The function is enabled by the user and is active at any power.

Règle la vitesse de la ventilation frontale en privilégiant le silence du poêle. L'utilisateur permet la fonction et elle s'active à n'importe quelle puissance.

Regula la velocidad de la ventilación frontal lo que hace que la estufa resulte sumamente silenciosa. La función es habilitada por el usuario y se activa a cualquier valor de potencia.

RTC Room Temperature Control

The room probe optimizes comforts and lowers noticeably the consumption.

La sonde ambiante optimise le confort et permet un déchet sensible des consommations.

La presencia de la sonda ambiente mejora la comodidad y conduce a una disminución significativa en consumo.

DSS Delay Stop System

Delayed switch off of the appliance.

Arrêt retardé du poêle.

Retraso de desconexión de la estufa.

ACC Auto Clean Checkup

Increases combustion efficiency and the duration of parts subject to wear duration reducing at the same time the ordinary brazier cleaning.

Augmente le rendement de la combustion et la durée des parties sujettes à usure et, en même temps, diminue le nettoyage ordinaire du brasier.

Aumentar la eficiencia de combustión y la duración de partes sujetas a desgaste y, al mismo tiempo, disminuye rutina de limpieza de la parrilla.

CTP ChronoThermostat Program

Chronothermostat provided with temperature control divided in four daily slots for an optimal rooms management.

Chrono thermostat avec contrôle de température subdivisé en quatre tranches horaires, pour une gestion optimale des milieux.

Termostato programable con control de temperatura dividido en cuatro bloques de días, para la gestión óptima de los ambientes.

ARS Auto Re-Start

Following a black out the appliance automatically re-starts after having carried out the scheduled auto-control.

Suite à un black out, l'appareil s'allume automatiquement après avoir terminé le cycle des contrôles prévu.

La unidad se reiniciará automáticamente en seguida de un apagón eléctrico, después de haber llevado a cabo el ciclo de los controles previstos.

ICT Interface Control Temperature

The product interfaces with room temperature control devices (thermostat or contacts) to achieve the selected temperature in every room.

L'appareil peut être raccordé aux dispositifs de contrôle de température de l'habitation (thermostats ou contacts) pour obtenir la température souhaitée dans les pièces.

El producto se enlaza con dispositivos de control de la temperatura de la habitación (termostatos o contactos) para conseguir la temperatura deseada en los ambientes.

HRP Hard Reset Program

Restoration of the original factory settings in case of a programming error.

Rétablissement des paramètres initiaux de l'usine, en cas d'erreur de programmation.

Restablecimiento de los datos iniciales planteados de fabrica en caso de error de programación.

EAC Electronic Air Control

Primary and secondary air electronically balanced for an optimal combustion and thermal efficiency.

Air primaire et secondaire équilibrés électroniquement pour une combustion et un rendement thermique optimaux.

Aire primario y secundario equilibrados electrónicamente para una óptima combustión y eficiencia térmica.

RAP Rate Adjustment Program

The ventilation force can be adjusted and so can the ducting, where present, in two simple steps.

En deux phases très simples, il est possible de régler la force de la ventilation et, le cas échéant, de la canalisation.

En dos sencillos pasos podemos regular la fuerza de la ventilación y, cuando proceda, de la canalización.

PLC Pellet Level Control

It controls the pellet quantity to put into the combustion room.

Règle la quantité de pellets à faire tomber dans la chambre de combustion.

Arregla la cantidad de pellet de introducir en el hogar.

Legend

Certifications

BImSchV-II

German regulations on controlling emissions.

Le label du chauffage au bois

Italian Regulation for the Environmental Certificate release of domestic solid fuels biomass room heaters (Classification from 1 up to 5 stars).

15a B-VG

Compliance with article 15 of the Austrian federal constitutional law on environmental protection measures.

Mark of conformity to European standards.

Per maggiori informazioni consultare il nostro sito: www.lanordica-extraflame.com

Ecodesign

European certification defining the ecodesign guidelines for biomass products.

Mark of conformity to European standards.

Aria Pulita, the Italian voluntary quality certification for wood biomass heating systems (Classification from 1 up to 5 stars according to the parameters of the DM186/2017).

Note

Interim document and subject to changes. The manufacturer reserves the right to modify products without giving advance notice.

Due to printing reasons the reproduction of colours has to be considered only indicative. Facing tones and characteristics are subject to slight variations because they are natural products.

The fuel quantity (weight) inside the tank and the hour consumption can change depending on the type of pellet which is used.

The La Nordica-Extraflame products can be covered by industrial property rights (such as patents, designs and trademarks) owned by La Nordica-Extraflame exclusively. It is strictly forbidden to violate these rights as for removing, cancelling or corrupting the trademarks impressed on the products and impressing others.

"La Nordica-Extraflame" majolicas are handmade high-quality products and therefore they present crackles, speckles and shadings. These characteristics certify their precious origin.

Before the purchase, ask to your reseller all the information regarding the installation of the appliance. One must also bear in mind all laws and national, regional, provincial and town council Standards present in the country in which the appliance has been installed, as well as the instructions contained in this manual.

All the figures were measured using approved pellets in compliance with EN ISO 17225-2.

Trademark e copyright: All brands, pictures, information, photos, products, advertisement and all other distinctive displayed on the catalogue are the exclusive property of La Nordica S.p.A. / Extraflame S.p.A.

Terms and conditions of sale

1 The contractual relationship resulting from acceptance of each individual order is governed by the standards described in these general terms of sale. The purchaser waives any other general purchasing conditions, unless otherwise specifically accepted in writing by LA NORDICA S.p.A. / EXTRAFLAME S.p.A.

2 The purchase order is irrevocable and binding for the purchaser, and shall be considered accepted when the purchaser receives formal confirmation thereof from LA NORDICA S.p.A. / EXTRAFLAME S.p.A.. Once confirmed, the purchase order may not be cancelled without the prior written consent of LA NORDICA S.p.A. / EXTRAFLAME S.p.A.. In this event, LA NORDICA S.p.A. / EXTRAFLAME S.p.A. shall have the right to a suitable indemnity for the expenses and costs sustained in beginning to fulfill the order.

3 The prices indicated in the sale catalogues/price lists are purely indicative, and may change during the validity period of the catalogues/price lists themselves due to increased production costs. Once confirmed according to the procedures set forth in art. 2, the sale prices indicated in the order shall become binding, except in the event of unforeseen increases in production costs beyond LA NORDICA S.p.A. / EXTRAFLAME S.p.A.'s control. In this event LA NORDICA S.p.A. / EXTRAFLAME S.p.A. shall inform the purchaser of the price increase, indicating the cause thereof.

4 Delivery terms are purely indicative unless specifically agreed otherwise. Should the manufacturer be unable to fulfill the order due to circumstances of force majeure, irregular supply of raw materials or other unforeseeable circumstances, the terms of delivery shall be considered extended, and the new terms will be established by mutual agreement between the parties.

5 Products will be delivered to the purchaser ex-works (EXW) from the LA NORDICA S.p.A. / EXTRAFLAME S.p.A. facilities in Montecchio Precalcino (Vicenza, Italy) (Incoterms® 2010). Products will be sold under retention of title and remain property of LA NORDICA S.p.A. / EXTRAFLAME S.p.A. until the full-agreed price has been paid.

6 The purchaser undertakes to verify the quantity and state of the shipped packages in confrontation with the carrier or forwarding agent. Any complaints regarding quantity discrepancies or damaged packages must be notified to the carrier and according to the procedure agreed with the carrier itself. No Products may be returned unless previously agreed upon with LA NORDICA S.p.A. / EXTRAFLAME S.p.A.. In the case of authorized returns, the Products will have to be returned via free port and packing free of charge and shall be credited at the purchase price with a deduction from 10% to 30% for inspection and repackaging costs. In any case return of items which are not included in the price list currently in force at the time of the request will not be taken into consideration.

7 LA NORDICA S.p.A. / EXTRAFLAME S.p.A. does hereby represent and warrant that the Products shall comply with the technical specifications available in LA NORDICA S.p.A. / EXTRAFLAME S.p.A.'s catalogues and literature in general. The products are guaranteed for the period of one year from the date of purchase. In order to enforce the guarantee, purchaser must report the non-conformity in writing to the vendor and exhibit the purchase receipt. In the event of non-conformity, the consumer may request LA NORDICA S.p.A. / EXTRAFLAME S.p.A. to repair or to replace the defective products. LA NORDICA S.p.A. / EXTRAFLAME S.p.A. guarantees to repair the defective products free of charge. The guarantee shall not operate in the event of improper use of the products. Equally, non-conformities due to negligent or careless use, failure to comply with the instructions for operation of the equipment, installation in places that require specific safety standard, installation or maintenance performed by unauthorized personnel, damage caused during transport or by circumstances unrelated to manufacturing defects and/or non-conformity of the products are not covered by the present guarantee. LA NORDICA S.p.A. / EXTRAFLAME S.p.A. declines all liability for damage or injury which may be caused directly or indirectly to persons, property and domestic animals as a result of failure to comply with the instructions given in LA NORDICA S.p.A. / EXTRAFLAME S.p.A.'s catalogues and literature, in particular those related to installation, use and maintenance of the product. This warranty is the only warranty given by LA NORDICA S.p.A. / EXTRAFLAME S.p.A. . Consequently, except in case it is proven LA NORDICA S.p.A. / EXTRAFLAME S.p.A.'s gross negligence, LA NORDICA S.p.A. / EXTRAFLAME S.p.A. shall not be liable for any direct or indirect damage or loss of profit due to the misuse, the inability to use, or the incorporation of the Products in other products.

8 The Products must be installed and/or used in compliance with their technical specifications and instructions provided by LA NORDICA S.p.A. / EXTRAFLAME S.p.A.; they must also be installed and/or used in observance of the regulations and requirements governing the installation and/or use of electrical material in force in the country where the products are installed and/or used.

Purchaser expressly relieves LA NORDICA S.p.A. / EXTRAFLAME S.p.A. of any liability in case the ordered products do not comply with the rules and/or standard and/or technical specifications in force in the country where they are delivered or installed in. Ordering the products Purchaser expressly declares that he has carried out all the necessary investigations regarding the compatibility of standards in force in the country for which they are purchased.

9 Payments must be made according to the procedures notified by LA NORDICA S.p.A. / EXTRAFLAME S.p.A.. Failure to pay invoices, in full or in part, beyond the established due date shall immediately lead to the application of interest at the rate as per D.Lgs. 9th October 2002, n. 231, in addition to any bank charges and commissions. Failure to pay for any reason shall authorize LA NORDICA S.p.A. / EXTRAFLAME S.p.A. to suspend additional shipments of material.

10 Under the terms of art. 10 of the law 196/2003, the purchaser is hereby informed that all personal information shall be entered into the LA NORDICA S.p.A. / EXTRAFLAME S.p.A. database, as a necessary aspect of correctly upholding the contractual relationship and compliance with certain legal requirements, as well as for statistical, commercial, marketing, promotional purposes, credit protection, management and transfer thereof. The personal information of the purchaser is processed by automated means and by authorized persons, with the use of security measures aimed at ensuring confidentiality. The personal information of the purchaser may be notified to public agencies, other firms within the group, credit retrieval firms or firms, consortia or associations for commercial, market research, and marketing purposes. LA NORDICA S.p.A. / EXTRAFLAME S.p.A. is the owner of processed data, whom the purchaser may contact to exercise his rights as set forth in article 13 of the law cited above. To this end the purchaser is hereby informed that he may access his own personal information at any time, and request that it be updated, corrected, or deleted and/or refuse to allow processing thereof.

11 The rights and obligations of the Parties are governed by Italian law, and the Court of Padova has non-exclusive jurisdiction over any controversy that may arise in relation to the sale of the products. The purchaser irrevocably accepts the jurisdiction of the Court of Vicenza should LA NORDICA S.p.A. / EXTRAFLAME S.p.A. file a suit with said court.

Validity of price list: 01/01/2020 - 31/08/2020
